

SATTVIC WELLNESS

— THE INGREDIENT FOR HEALTHY LIFE —

**Your Wellness
Partner for Life**

Health is the Elixir of Life

A healthy body and mind are the golden key to being a happy and successful person.

SATTVIC WELLNESS
— THE INGREDIENT FOR HEALTHY LIFE —

This is the philosophy that gave birth to Sattvic Wellness.

Sattvic represents everything that is pure, pristine, connected to nature and enriched with Sattva. In our rush to keep up with our frantic lifestyles, we often forget that we come from nature and are an integral part of who we are.

Blending Sattvic ingredients with modern technology, Sattvic Wellness provides natural solutions to all your health and well-being requirements.

In your quest for health, you exercise, do yoga, play sports and yet there is always a missing factor. Sattvic Wellness has introduced an exciting range of products that are enriched with Sattvic Elements, guided by Ayurveda and provide that magical booster dose of pure health.

Our Journey

Sattvic Wellness was founded with the purpose to revitalise the well-being industry and changing the approach towards health products.

The company aims to provide sustainable and practical well-being solutions for busy individuals.

Our Wellness products are inspired by Ayurveda and provide power-packed health solutions. Starting with wellness teas, we have now expanded our horizons into wellness shots, juices and superfoods.

Sattvic Wellness remains steadfast in its quest to bring the most natural and beneficial wellness products to its clients.

All About Wellness

SATTVIC WELLNESS
— THE INGREDIENT FOR HEALTHY LIFE —

The foundation of the Wellness Industry was laid at the beginning of the early 1990s. Since then, the industry has been thriving and today has emerged into a full-fledged ecosystem. Today it has become an intricate arrangement of consumers, providers, adjacent sectors, facilitators and the Government. Working together, the wellness industry is soaring to new heights and contributing to individuals' well-being at varying levels.

With the ever-changing world, lifestyle choices challenges are immense, which has increased the demand for a better lifestyle and, thereby, effective wellness solutions. A well-curated and enhanced assortment of products remarkably adds to the users' lifestyle. Simultaneously, the Adjacent Industries, which entail healthcare, media, retail, hospitality and education, capitalise on the expansion of the Wellness industry. This leads to additional revenue accumulation, leveraging existing competencies and a wide range of products and services to customers.

Wellness is a way of life, and Sattvic Wellness plans to revolutionise this market by introducing readily available consumer-friendly products without compromising on health.
